OUR SUCCESSFUL PARTNERSHIPS

The [Culinary Tech Center](#) is dedicated to offering programs that provide students with practical skills to enter the work force through theory and practice. The programs focus on experiential learning in a real-world culinary and service environment, which is the core of practical learning.

Experiential learning is further enhanced through an externship, which enables students to apply what they have learned in a fast-paced, realistic setting.

[Henry Street Settlement](#) was founded in 1893 by social work and public health pioneer Lillian Wald and based on Manhattan's Lower East Side, Henry Street Settlement delivers a wide range of social service, arts and health care programs to more than 60,000 New Yorkers each year.

[Hot Bread Kitchen](#) envisions a food system that equitably compensates talent and sustains a diverse workforce while celebrating culinary tradition and innovation.

We achieve our mission through our employer-driven workforce development and business incubation programs, [Bakers in Training](#) and [HBK Incubates](#). Our non-profit social enterprise marries market to mission: 65% of our operating budget is funded through bread sales and kitchen rental. Essential philanthropic support makes it possible for us to provide industry-specific training and educational programming to benefit our clients.

 <p>LaGuardia Community College</p>	<p>LaGuardia Community College's mission is to educate and graduate one of the most diverse student populations in the country to become critical thinkers and socially responsible citizens who help to shape a rapidly evolving society. Our values are woven into the culture of the College and guide the decisions, actions and behaviors of the LaGuardia community—what we choose to do, how we carry out our work in all parts of the institution, and how we assess the outcome of our individual and shared efforts.</p>
	<p>Macaulay Honors College at CUNY is a highly selective college where New York's most promising students receive the financial and academic support to realize their leadership potential. Macaulay Honors students receive a uniquely broad, interdisciplinary undergraduate experience that's customized for their interests and abilities. They earn a degree conferred jointly by Macaulay and their home campus. Macaulay Honors Program provides a unique undergraduate experience and the opportunity to graduate debt-free.</p>
	<p>Mosholu Montefiore Community Center is a vital community resource that changes the course of lives of Bronx and Manhattan residents to a degree not otherwise possible. Each year, we serve more than 35,000 preschoolers, school age children, teens, adults and senior citizens through free and affordable support, enrichment, education and recreation programs, expanding their opportunities to live full, productive lives. We open up entirely new possibilities for individuals, strengthening families and reshaping the neighborhoods we serve.</p>
	<p>The mission of Career and Technical Education (CTE) programs is to ensure all students graduate college and career ready, and to provide a high-value strategy to support both students' postsecondary aspirations and the strength of the City's economy.</p>
 <p>District 75</p>	<p>District 75 provides citywide educational, vocational, and behavior support programs for students who:</p> <ul style="list-style-type: none"> • Are on the autism spectrum • Have significant cognitive delays • Are severely emotionally challenged • Are sensory impaired • And/or are multiply disabled

**NEW YORK CITY
FOOD POLICY CENTER**
AT HUNTER COLLEGE

The [New York City Food Policy Center](#) at Hunter College develops intersectoral, innovative and evidence-based solutions to preventing diet-related diseases and promoting food security in New York and other cities. The Center works with policy makers, community organizations, advocates and the public to create healthier, more sustainable food environments and to use food to promote community and economic development. Through interdisciplinary research, policy analysis, evaluation and education, we leverage the expertise and passion of the students, faculty and staff of Hunter College. The Center aims to make New York a model for smart, fair food policy.

[Project Renewal](#)'s mission is to end the cycle of homelessness by empowering men, women and children to renew their lives with health, homes and jobs. Renewing lives. Reclaiming hope. Our innovative programs are designed to end the revolving door and our results prove they work. For over 45 years, our pioneering approach has created uniquely integrated and comprehensive solutions: Our programs are replicated around the nation, helping even beyond the 15,000 homeless New Yorkers Project Renewal serves every year.

[West Side Campaign Against Hunger](#) changes our perception of hungry people by working in partnership with them, providing food with dignity, and empowering customers to find solutions. Through a supermarket-style food pantry, West Side Campaign Against Hunger alleviates hunger and creates a culture that promotes self-reliance and works for change.
